

GRADE - V

K. L. E. SCHOOL DHARWAD

NAME :

HOW TO SUPPORT *YOUR CHILD'S* MENTAL HEALTH

@BELIEVEPHQ

www.BelievePerform.com

LOVE
Be there for your child and show care and love

EXERCISE
Encourage play, exercise and sport

BEHAVIOUR
Keep an eye out for any changes in behaviour

SUPPORT
Regularly support, encourage and praise your child

REST TIME
Help your child to manage stress by building in some rest time

BE PROUD
Tell your child that you are proud of them

PATIENCE
Be patient. Don't pressure your child

HELP
Don't be afraid to seek help from professionals

FEELING
Get to know how your child is feeling

EDUCATE
Educate yourself about mental health problems

PROBLEM SOLVING
Help your child to effectively problem solve

LISTEN
Make sure you take time to listen to what your child has to say

COPING
Help your child to learn some simple coping skills such as relaxation

SYMPTOMS
Be aware of signs and symptoms

CONVERSATION
Encourage your child to engage in conversation

ENVIRONMENT
Provide a positive environment for your child where they can thrive

HOW TO ENGAGE WITH KIDS

1 Bring up memorable moments in their lives.

2 Use their interests to help them learn.

3 Tell them stories from your life and childhood.

4 Ask them to teach you something they love or know well.

5 Share your love of a hobby or interest.

6 Teach them something new.

7 Talk about your dreams and goals.

8 Listen without always giving advice.

9 Ask questions that require more than a yes or no answer.

10 Try something new together.

How learning hits home.

Hand Holding...

In true Education, anything that comes to our hands is as good as a book. We are providing handbook for all the parents and students to refer the whole academic year 's planning. The purpose of providing handbook is to allow the parents and students to get to know the syllabus, CCE activities, celebrations, curricular and co-curricular activities, visits and many more. Handbook makes it easier to look at the school schedule and plan accordingly.

INSTRUCTIONS AND GUIDELINES TO PARENTS

Change of Contact Information

The parents are requested to contact class teacher and Office for any change of address, telephone number, or e-mail address. It is vital that the school needs the above to contact the parents and guardians immediately in case of an emergency.

Student Illnesses and Accidents

School has an Accident Reporting Policy. That policy distinguishes between minor injuries/ailments and significant injuries/ailments. The school will attempt to make contact with parents/guardian only in the case of significant accidents.

Students who become ill or suffer an injury during school hours will be referred to a nurse or doctor in accordance with established procedures. If the illness or injury is very serious, an ambulance may be called. Fees resulting from the above will be the responsibility of the parent/guardian.

If it is necessary to send a student home during the school day, the school will contact the parent/guardian. The parent/guardian will then need to make arrangements to collect the student from school. Under exceptional circumstances, the Head of School may make other arrangements.

In the case of an extended period of absence due to illness or injury, parents should provide a doctor's note to the respective Coordinators.

- Parents/guardians should not send a student to the school when she/he is not well.
- Security

Security guards control entry and exit to the campus. School issues ID cards to students, Pick up cards for the parents & drivers. Students and parents need to show their ID cards at the entrance gate to the security guard.

Parents who wish to take a student from the school during school hours should inform the class teacher, relevant Coordinator and school office with pick up card. The student will be sent out of the school with the parent only in case of emergency.

Attendance

School is able to effectively deal with students only to the extent that the School has contact with them. School is a participatory process and students can only participate if they are there in the classroom with their teachers and fellow students. Courses tend to be structured in such away that one unit builds on work done in a previous unit. Missed school days can lead to a student falling behind.

To ensure effective continuation of studies and to ease the burden on the students and faculty, parents/guardians should review the school calendar before making travel plans. Parents/guardians are encouraged to take leave during school holidays. It is fully understood and appreciated that, because of employer leave arrangements, some children may be away when the school is in session.

Attendance at school is mandatory except for reasons of illness, bereavement or special circumstances approved by the relevant Coordinators. A student with less than 80% attendance during a school academic year may not receive grade for the course. This is to create the sense of Punctuality among the students. The backlog during absence has to be completed by the student on his own.

Change of Contact Information

The parents are requested to contact class teacher and office for any change of address, telephone number, or e-mail address. It is vital that the school needs the above to contact the parents and guardians immediately in case of an emergency.

Field Trips

Making the grade

Students active outside the classroom

do better inside the classroom

- Field trips are an important part of the student experience. One requirement of enrolment at our School is that the parents must sign a permission slip (Consent Letter) as and when required allowing their child(ren) blanket permission to participate in local field trips. The cost of field trips is often the responsibility of parents.
- The school organizes one week-long trip per year for Secondary Students. The week-long trip is not included in the school fees. Special effort is made to keep the cost of the trip modest and within the reach of all families. Attendance is strongly recommended.

Student Council:

The Student Council provides a voice for the students and gives them meaningful leadership opportunities. The Student Council suggests improvements, helps ensure that students make responsible decisions, and helps organize social and fund-raising events. The Student Council consists of a School Captain, Vice Captain, Discipline Captain, Cultural Captain, Sports Captain and Health & Hygiene Captain. Students of all the classes elect the members of the Student Council at the start of each year. Students Council consists of House Captains and Vice Captains for the Houses RED, BLUE, GREEN and YELLOW. House wise competitions will be held in the academic year. Hence all the students have to actively take part in the competitions and represent their House. This is to create the sense of healthy competition among the students.

Important Note :

Students should bring the School diary and the books as per the timetable to the school daily. Parents are requested to check the school diary on regular basis.

TRANSPORTATION

School provides a bus service that runs on various routes throughout the city for all students. Students are picked up between approximately 7:00am-8:00am and taken to drop-off points at the end of the school day. A student not participating in an After School Activity on a given day will be transported to her/his drop-off points, with the bus leaving the school Campus at around 3:25pm. A student participating in an After School Activity on a given day will be transported to her/his drop-off points, with the bus leaving the school Campus at around 4:00pm.

When making bus routes, there are two competing interests: having passengers walk short distances from/to their homes versus having short commuting times for all passengers on the bus. Pick-up/drop-off points are selected by balancing these competing interests.

School Bus Rules :

1. Be courteous
2. No Profanity.
3. Keep the bus clean.
4. Violence is prohibited.
5. Remain seated.
6. Keep your hands and head inside the bus.
7. Do not destroy property.
8. Do not eat or drink in the bus.

The school bus service is provided to children who are at least 3 years and whom the class teacher and the administration feel are ready to go on bus. Any change in their current bus stops will have to be emailed/ called up to the Transport Manager, so that he can look into the matter. Special requests at the last minute to change buses will not be accommodated, unless communicated in advance and only, if seats are available on that bus.

Students are expected to sit in their seats and not disturb others on the bus.

Suspension from using school transport will be enforced in any of the following situations :

- ❖ Use of inappropriate language
- ❖ Inappropriate behaviour while in the bus
- ❖ Disrespect to the monitors/drivers and support staff

First Offence : A warning letter to the parents

Second Offence : One day suspension off the bus

Third Offence : One week suspension off the bus

More than 3 : No school transport allowed for the rest of the academic year.

Each bus has a bus monitor. Students are expected to follow the instructions of the bus monitors and drivers and support staff.

Any special requests regarding transportation should be addressed to the Transportation In-charge

1) **Mr. Prakash** - 9980819307

2) **Mr. Ganesh** - 8746882266

Mode of payment

Parents are requested to pay the bus fees in the first week of June failing which child will not be allowed to board the bus. A receipt for the same will be provided in the school office after the payment.

HOMWORK :

At the school, we regard homework as an integral part of the curriculum – it is planned and prepared alongside all other aspects of learning. Parents can go through the Hand book for the same.

Purpose of Homework :

- Reinforcement of the day/week's lesson and content;
- Expanding on the skills and content learned from class;
- Self practice;
- Instill a sense of responsibility;
- Instill time management skills;
- Practice for independent study skills.

Guidelines :

Homework will be set at the teacher's discretion when deemed necessary. The estimated time allotted to complete a set homework should be proportional to the number of days between the setting and the submission of the homework.

Responsibilities :

- Parents are responsible for checking the completion of homework. Parents must also provide a peaceful and monitored environment where a child may do their homework.
- Students must access the Home work Timetable in the diary on a daily basis and turn in their homework on time, completed to the best of their ability. The work must be individual unless stated otherwise.

- Teachers will set relevant and appropriate homework when deemed necessary and provide constructive feedback to the students. The homework must be meaningful and of quality.
- We ask that parents monitor their child's work to ensure that they are coping with the demands of homework, and that they are completing work to a high standard.

Late submissions :

Teachers expect homework to be done properly and punctually. Failure to do homework is treated seriously and when homework is missed consistently, the subject teacher will notify parents and decide on an appropriate course of action.

Steps to follow with students who have not completed homework :

1. 1st incomplete homework : verbal caution
2. 2nd incomplete homework : verbal caution + email sent to parents
3. 3rd incomplete homework : meeting with parents to discuss the students' attitude towards learning.
